AIRSHIP FLIGHT TO MAYSVILLE IS POSTPONED ONE WEEK

Because of Necessary Arrangements in Regard to Landing Field Here Flight Today Is Postponed For One Week—Officer Coming.

Vice President N. S. Calhoun, of the Bank of Maysville, this morning received a telegram from Major Gannon, of the Kentucky Army Recruiting force at Camp Knox informing him that the proposed airplane flight to this city from Camp Knox via Lexington had been postponed one week on account of necessary arrangements for the landing field at this place.

Requests have also been made by various newspapers in the state in line of the trip that representatives of the newspapers be permitted to make flights with the army pilot and Major Gannon has communicated these requests to the War Department and expects an answer in the very near future. If this request is granted a representative of the Lexington Herald will make the trip from Lexington to Maysville and representatives of Maysville newspapers will be given an opportunity to take a ride to the skies.

The telegram received by Mr. Calhoun this morning, which explains itself follows:

N. S. Calhoun, Bank of Maysville. It has been found necessary after consultation with commanding officer air squadron at Camp Knox to delay flight to Maysville until next Thursday, June twelfth, owing to doubt in size of landing field. Will send officer from air service to Maysville to inspect field and give you instructions relative to marking same. Letter follows.

GANNON, Major.

DO YOU LIKE GOOD THINGS TO EAT?

Try the strawberries, ice cream and cake—before the war style—to be served at the Washington Consolidated School on Saturday, June 7, from 2 o'clock in the afternoon until 10 in the evening. Bring your friends, enjoy yourself and help the school. 2-6t

LEWIS COUNTY MAN MOONSHINING

The Vanceburg Sun says: Oil Elix, of Laurel, who was arrested charged with aiding in the making of moonshine, was given a term of one year in the Federal Penitentiary at Atlanta, Ga., by Judge Cochran's court at Catlettsburg last week. Monkeying with your Uncle Sam is not pulling down \$1 and costs.

POPULAR YOUNG WOMAN WEEDS AT FLEMINGSBURG

Clerk at Western-Union Telegraph Steals March on Friends and Is Quietly Married to Well Known Young Salesman.

Word was received here at noon today that Miss Frances Thomas, daughter of Mr. and Mrs. John A. Thomas, had been married at Flemingsburg this morning to Mr. E. L. Meleke, of Lexington, well known traveling salesman for the National Cash Register Company in this section.

Relatives or friends knew nothing of the marriage until the telephone which was received at noon today by relatives. Miss Thomas is said to have left her home this morning earlier than usual and members of the family asked her why she was getting away to work so early. She made an answer which threw them off the track and the message was quite a surprise.

Miss Thomas, for some time, has been employed as clerk at the Western-Union Telegraph Company's local office and was an extremely popular young lady. Her many friends join the Ledger in extending hearty congratulations and in wishing both Miss Thomas and her husband a happy married life.

DROWNED NEAR MANCHESTER

The Manchester Signal says: Ben Thatcher, aged twenty-five, unmarried was drowned in Brush creek at Waggoner's Ripple late Tuesday afternoon. A crowd of neighborhood boys were bathing and playing hantier to see who could remain under water the longer. In the exciting sport they shrieked at each other. Thatcher thought they were in distress and quickly laid his pocketbook and watch on the bank, plunged into stream with clothing on, got beyond his depth and strangled to death. The body of the unfortunate man was soon recovered. He is a son of William Thatcher.

NOTICE

If the party whose identity is known will return to me, the pocketbook, containing quite a sum of money and other articles, lost near the store of Clark & Paul at the corner Second and Wood streets on last Tuesday evening. No questions will be asked and the matter dropped. DEWEY PAUL.

ROY NAUMAN HOME

Mr. Roy Nauman, who has been with the A. E. F. in France for several months returned home this afternoon.

DISTRICT ATTORNEY BRINGS BIG DAMAGE SUIT FOR SLANDER

Commonwealth's Attorney Granits Sues Fleming Man For Slander—Two Local Cases Involved.

The Flemingsburg Times-Democrat says: Tuesday evening Bruce S. Granits, Commonwealth's Attorney, filed suit for \$50,000 damages against James S. Muse, until recently in the mercantile business at the village of Muse Mills. In this county, the grounds for said suit being that it is alleged that said Muse, on the 20th day of the past May, in this city, in the business house of F. B. Henderson, and in the presence of said Henderson and of J. H. Mullikin, did give utterance to the following language:

"From what I hear, we haven't any Commonwealth's Attorney. They tell me that in that Owens case at Maysville, he (Owens) was sent to the penitentiary and they wanted to get him out and didn't know how to manage it. Someone suggested that they would take Granits \$1,200, and the man who was to take the \$1,200 says: 'What if Granits indicts me for attempting to bribe?' 'Very well then, you tell him we will indict him for accepting a bribe in the gambling at the Whitehall Hotel.' He takes the \$1,200 and Granits, gives it to him. Mr. Granits sees Governor Stanley, gives him \$600 and in five days the man was pardoned."

At the time these words were uttered, Mr. Mullikin informed Mr. Muse that he would tell Bruce Granits of the matter at once, which he did, and this suit is the result.

Here, where Bruce Granits was reared and where he is well known such false accusations might not do him such hurt, for no man not blinded by partiality or personal malice would give them a moment's consideration. But for a public official to be charged with an offense like this among people who did not know him and who had no means of finding out the truth or falsity of the allegations, would be very damaging indeed. And Mr. Granits very properly took this step to protect his own good name and the good name of the office to which the people had elected him. There is too much of this same sort of slander on public officials going the rounds, and it is high time that those who are retelling that sort of slander should be called to an accounting. Mr. Muse will now have an opportunity to prove his allegations, which no one who knows Bruce Granits will for one moment believe he will ever attempt to do. Mr. Granits has made the most fearless and efficient prosecutor this district ever had, and naturally the men who have found themselves unable to defeat the ends of justice while he was in office, have hit upon the plan of discrediting him by such stories as that put in circulation by Mr. Muse.

That this case will be pushed to the uttermost is pretty well evidenced by the list of attorneys who will be with Mr. Granits in the case: John P. McCartney, O. R. Bright and Slattery & Rees.

MAYSLEICK MAN HEADS BANKERS GROUP

At a joint meeting of groups seven and nine of the Kentucky Bankers Association held at Winchester Wednesday the bankers of this district honored Mason county by the selection of a Mason county banker as president of the group. The list of officers selected for group nine follows:

President—S. F. Roff, Mayslick. Secretary—J. Wesley Dye, Flemingsburg.

Executive Committee—R. S. Withers, Cynthia; George Bradford, Mt. Olivet, and George William, Vanceburg.

LOST PRINTER

The Flemingsburg Times-Democrat says: Saturday forenoon a peripatetic printer—not a "tramp", you understand, came down from Carlisle to take a bit with the T-D. Shortly after dinner he went out to look at the town, and he is still looking, we suppose, as he has never shown up since. He gave us his name as Rutherford Brown, a native of Virginia but raised in York State. He left his "suitcase" with us, hence we think he must have gotten lost in the suburbs of the city.

FATTY ROCKS A DAME

Fatty is some ladies' man. You'll say so, when you see Fatty Arbuckle in "Fatty Rocks a Dame". Does Fatty Rock the Dame? Well, we'll say he does. See him at the Pastime tomorrow, (Friday, June 6th). Also the second episode of the "Terror of the Range" will be shown. Pathe News and a Lonesome Luke Comedy.

Mr. and Mrs. Alvin Young of Charleston, W. Va., were here yesterday visiting friends. They were on their way to West Baden for a brief stay.

RURAL MEMBERSHIP DRIVE IN PROGRESS IN COUNTY

Mason County Farmers Joining Maysville Chamber of Commerce to Help Boost Mason County.

Mason county people are proud of the old county. They are proud of the splendid record she has made in all war time activities and proud of her as one of the leading and most progressive counties in the state. They realize that the Maysville Chamber of Commerce is a mighty force in all the advanced steps taken by the city and county and they are therefore lending their hearty support.

The committees of Maysville business men who called on the farmers during the day report that they were well received and that their arguments were listened to by the farmers in the right spirit and the results will be made known at a dinner at 7 o'clock this evening at the Chamber of Commerce building.

This dinner is expected to be quite interesting for the committees will tell something of their experiences and a jolly good evening is certainly expected.

FOLKS PLEASED WITH CIRCUS

Gentry Brothers' circus which held forth here Wednesday is given credit for being a pretty good attraction. The majority of the local people who saw it were well pleased with the entertainment. Most any sort of a circus would have been welcome here, however, for the people were very hungry for a tent show.

SATURDAY'S CONCERT SHOULD ATTRACT LARGE CROWD

The first evening concert will be given in the band stand in Market street Saturday evening. The workmen have now practically completed the work on the stand and the palantries hope to have it finished in a very short time. The stand will be painted white with green trimmings.

INFIRMARY GROUNDS MAKE GOOD CIRCUS GROUND

When the ball park was ploughed Maysville folks wondered where we would get another good circus lot. It was thought that the Infirmary lot was too far out of the city but Wednesday's experience proved it a fine lot. The only trouble with it is that it is out of the city limits and the city loses its license fee when a show holds forth there.

TEACHER SELECTIONS ARE ALL PRACTICALLY MADE

On next Saturday the county school trustees will meet at County Superintendent Turnipseed's office to elect rural teachers for the ensuing year. It is understood that the trustees have all practically made their selections of teachers and the election will take but a short time. There will be no teacher shortage this year.

SPECIAL PROGRAM

A special program has been arranged for reception day at the First District School Thursday evening at 7:30 o'clock. At this meeting the annual report of the organization will be read and the election of officers for the ensuing year will take place. Parents of the school, members of the organization and friends are invited. A silver offering at the door.

P. T. A. MEETING

The Forest Avenue P. T. A. will hold its regular monthly meeting Friday afternoon at 2:10. Officers will be elected, and the National dues are due. Every member is requested to be present.

PROPERTY CENSUS OF MAYSVILLE MAY BE TAKEN BY TEACHERS

Map of Entire City Started by City Engineer Showing Each Piece of Property in City and Owner May Be Completed.

As another step toward solving the serious tax assessment shortage now facing the city, it has been suggested that a complete property census of the entire city be taken so that every piece of property in the city, its size and its owner will be listed and on file in the city executive offices.

This was suggested when it was learned that several pieces of city property had been completely omitted from the city assessment this year and as the City Schools are vitally interested and want to see the ten thousand dollar shortage facing them for the next year wiped out, it has been suggested that the schools take over this census matter and list for the city every piece of property within the city limits.

A meeting of the Finance committee of the City Board of Education with the Ways and Means Committee of City Council was scheduled for this morning but as Superintendent W. J. Caplinger, was out of the city, this meeting had to be postponed. It is understood, however, that Prof. Caplinger and other teachers have volunteered to take this census and to complete a map of the city showing the size of the various pieces of property in the city and their owners. The fire insurance maps are not complete enough for this information and the city officials and school authorities often have use for such information during the year and they believe they can find many pieces of property omitted on the assessment by such a plan.

WAITING ON LIGHT EQUIPMENT

Captain Stalder, owner of the Aberdeen-Maysville ferry, says he is only waiting for the installation of an electric light equipment on the ferry Launce to begin night ferriage at this point. The contract for this light equipment has been placed and upon its arrival it will be installed immediately. Automobile guide books will then show a night ferry at Maysville and this is expected to bring many tourists this way.

Dr. P. G. Smoot and Mr. John P. Cochran, leave today by automobile for Danville to attend the centennial celebration of Center college.

PLANTERS FURNISHED WITH TOBACCO SETTERS IN A HURRY

Service Is Mike Brown's Middle Name—Tobacco Setters Rushed to Maysville by Automobiles From Dayton, Ohio.

Farmers in Mason and adjoining counties have splendid tobacco plants and the most of them now have the largest part of their ground in good shape for planting waiting only on a tobacco season. Some of the farmers are very anxious to get tobacco setters and there was such a rush on these machines that Mike Brown, the big farmers' supply man, exhausted his supply and had orders for others.

An order was placed for several of these machines so much in demand just now but the trains were too slow for Mike Brown and the Mason county farmers so large automobile trucks were chartered and made a trip to Dayton, Ohio, arriving here this morning with several tobacco setters which will be distributed among the farmers at once so that there will be no delay in getting the tobacco crop planted.

This is the sort of service the farmers appreciate and there's no use talking we've all got to take our hats off to Mike Brown for this sort of service.

WILL ATTEND CENTER COLLEGE CELEBRATION

Quite a number of former Center College men and women in Maysville and Mason county will leave the latter part of this week for Danville to attend the centennial celebration of old Center to be held over a week's period.

PRAYER MEETING TONIGHT

Regular weekly prayer meeting service will be held at the First Baptist church this evening at 7:30 o'clock followed by the monthly business meeting of the church. The membership is urged to attend and the public will be made welcome.

IMPROVEMENTS BEING MADE

Contractor James Dawson and his force of men are at work pointing up the brick work on the First Presbyterian church and making certain alterations in the rear of the Power and Rees buildings in Court street.

FUNERAL FRIDAY

The funeral of Mrs. Susan Nicholson will be held Friday afternoon at 2:30 o'clock. Blessing at the house and services at the cemetery by Dr. B. B. Bailey.

L. & N. STATION AT MYERS ROBBED WEDNESDAY NIGHT

Safe at Railroad Station Blown Open and Fifty Dollars in Money and Over \$200 in War Saving Stamps Stolen.

The second big safe blowing in this section of the country for several years was reported this morning when L. & N. railroad officials reported to the local police that the railroad station at Myers in Fleming county on the Maysville division had been robbed sometime during Wednesday night.

When the station agent opened the station this morning for the first train he found his office torn up and pieces of the iron safe thrown about over the room. An investigation disclosed that everything of value which had been left in the safe over night had been stolen and as near as can be told the cracksmen's booty amounts to about fifty dollars in money, \$200 in War Savings Stamps, a number of checks and some valuable papers belonging to the railroad company at that place.

The job looks like it was done by professionals as the safe was blown with nitroglycerine. The officers in all nearby towns have been notified to be on the lookout for the crooks and the Maysville police have been endeavoring all day to account for all of the strangers in the city. It is not thought that the safe blowers came this way but they are thought to have used an automobile and to have gone in another direction.

CHAUTAUQUA DATE CANNOT BE CHANGED

Secretary Carl Dadds, of the Chamber of Commerce, is in receipt of a letter from the Coit-Alber Chautauqua Bureau which will furnish the talent for the Maysville Chautauqua this year in which they state that it will be impossible to change the date of the local Chautauqua for this year. Mr. Dadds had asked if possible to be given an earlier date than August 16 for the local entertainment.

WILL ORGANIZE CLUB AT MINERVA WEDNESDAY

There will be a meeting at the Minerva school house on next Wednesday evening for the purpose of completing the organization of the Junior Agriculture club and for the organization of a Community Club.

Subscription: By Carrier, 6c Week, 25c Month, \$3.00 a Year.

### OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

Maysville and Mason County could at least plant thirty-nine trees in the city in memory of those thirty-nine fine Mason county boys who gave their all to keep the Beast of Berlin from the throat of the civilized world.

When you find a fellow who don't enjoy a circus band, red lemonade and all the other trimmings that go with an old fashioned circus, you'll find a fellow who has never been a boy.

As all other big questions, there are two sides to the twenty-cent road tax proposition.

### OPPOSES FILIPINO FREEDOM

Washington.—"I am opposed to the guarantee by the United States of the immediate or future independence of the Philippine Islands," said Senator Warren G. Harding, of Ohio, the new chairman of the Senate Committee on the Philippines.

"The Philippine policy of the Republicans of the committee," he continued, "will depend upon the outcome

of the debate in the Senate on the League of Nations covenant. If there is to be a league, then the Philippines must, of course, have self-determination and independence, regardless of whether it is to their best interests to have them or not, or whether they would be soon gobbled up by another power. But if the league fails of ratification, as seems extremely likely in its present form at least, then I am opposed to our acting as sponsors without full responsibility. Certainly, I would not be in favor of their independence within a generation. As a matter of fact, there is a strong impression that much of the talk of Philippine independence is caused purely and simply by political warfare within the islands, and is therefore made over here for the home consumption of the Filipino people."

Patrik O'Malley, politician and saloon keeper of Chicago, arrested for betting on the races was asked by Judge Stewart what he suggested in way of a fine. "I'll donate \$50 to the Salvation Army," said Patrik. "So ordered," agreed the Judge. "Case dismissed."

Doughnut day at Tiffin, Ohio, realized \$4,000 for the Salvation Army's Home Service Campaign. Kentucky's campaign will be conducted the week of June 23 to 30.

resigned as General Director of the Oil Division of the United States Fuel Administration, and is to become associated with the Sinclair petroleum interests. Dr. H. A. Garfield, United States Fuel Administrator, in accepting Mr. Requa's resignation said:

"I appreciate that your work has now reached a stage at which it is reasonable for you to ask, as you have done, that I accept your resignation presented some months ago.

"I do so with regret, and yet with pleasure, for, while it marks the conclusion of our joint services in connection with the Fuel Administration I am glad to believe that it is the beginning only of an acquaintance which I trust may extend usefully over many years.

"In accepting your resignation permit me not only to express my appreciation of the devotion and ability which you have brought to the task and the achievements which are fairly yours but also to say what I know is in your own mind, that the Administration of the Oil Division owes much to the hearty and efficient co-operation rendered by the National Petroleum War Service Committee, organized as a result of your activities in the office.

"In your new association with the Sinclair petroleum interests I hope you will find time to continue your advocacy of the necessity for co-operation in the petroleum industry between capital and labor and between the industry as a whole and the Government along the lines frequently discussed by us. With warmest regards and best wishes, I remain, sincerely yours, H. A. Garfield, United States Fuel Administrator."

Mr. Requa is a mining engineer of wide experience, is a consulting engineer to the Bureau of Mines on petroleum, is a vice-president of the American Institute of Mining and Metallurgical Engineers has been engaged for some years in producing oil, and was chairman of the Valuation Committee of the Independent Oil Producers' Agency of California.

## COURT-MARTIAL PROBE PROVIDED BY JOHNSON

Soldier Congressman Introduced Bill to Change Entire Present System of Justice in Army.

Washington, June 5.—Sweeping investigation of the system of court-martial which has been practiced during the war against the German auto-quacy is provided in a resolution introduced in the House by Representative Royal Johnson, of South Dakota, who enlisted as a private and won the rank of first lieutenant and the distinguished service medal.

Johnson has prepared statistics to show the colossal injustice done the private soldier during the conflict. Four hundred thousand of them have been court-martialed. This he considers more appalling in view of the fact that the largest number of men enlisted just before the Armistice last November was 3,760,000, but the biggest number of those in the service long enough to have come thoroughly under its discipline amounted to about 2,000,000. The Board of Clem-

ency, which was appointed in the face of public clamor, as the result of the revelations, has already recommended 20,000 cases for reduced sentences. Of all the cases examined by the Board, ninety-six per cent. have been found to carry excessive and unjust sentences.

As an example of this representative Johnson says that in one case a man was fined three days pay for willful murder, while another man was given twenty years for absence without leave. In other cases sentences were forwarded to the commanding officer by the courts-martial and were returned by that officer with the court instruction that they were not sufficiently severe. "In no court of justice would such a procedure be countenanced for a moment," said Johnson. In a case just published by the War Department, orders a second lieutenant obtained \$100 under false pretenses and absented himself without leave, was given a sentence of twenty-five years in prison.

In explanation of the unheard of number of courts-martial, members of Congress point out Secretary Baker's statement that there is nothing wrong

with the system of dispensing justice in the Army, and his backing up the Prussian ideas of many offices in the regular army. It is understood that Colonel Ansell is to be assigned to service from Washington and the seat of his reforming activities, just as General Leonard Wood was at the beginning of the war removed to Charleston, S. C., from New York, where he had been commander of the Department of the East, and prevented from crossing to France where, while on an inspection tour, he was the only general officer wounded in action.

## WHAT OUR RURALITES ARE DOING

### Excerpt

Coleman Black of Bracken county came up last week and purchased Mrs. Ida Stamm's part of her father's estate the late William Fearlin's farm consisting of 32 acres.

The many friends at this place were shocked to hear of the death of Frank Sadler, who died at St. Mary's Hospital, Pueblo, Colorado, May 6, from the effects of influenza. He was 31 years of age. Frank was well known here being reared here by his aunt, Mrs. James Bowman. His mother died when he was only a few weeks old and his aunt who at that time lived here took him and they lived here until Frank was almost grown, when they removed to Wedonia. Deceased leaves a wife, small sons and numerous relatives and friends to mourn his loss.

Miss Wilma Hedges of Lexington, returned home last Saturday after a week's visit with the family of her uncle, Ely Lightner, at this place.

Clarence Whisman came home from Lexington to visit home folks, a few days ago.

Rev. Corney preached at Wallingford Saturday night, Sunday and Sunday night.

Jess Ross has returned home from Paris where he has been working.

Rev. Linville has purchased a new truck and will haul freight for people.

Farmers are very badly in need of rain so they can set their tobacco.

Early Carpenter has moved his mill on the Helphenstein tract of land and has begun sawing.

M. R. Ritchie has moved his mill on Mrs. Anna Jones' place and will soon begin sawing.

John Day and family came down from Paris to attend decoration day here.

Charles Jordan was in Maysville last week on business.

There will be an ice cream supper

**MANY WILL HEAR ROAD  
COMMISSIONER SUNDAY**

Large Crowd of Country People Inter-  
ested in the Road Question Is Ex-  
pected at Washington Theater  
on Sunday Afternoon.

The opening gun in an intensive  
campaign for the passage of the twenty-  
cent road tax will be fired at a  
great mass meeting to be held on next  
Sunday afternoon at the Washington  
Theater.

This mass meeting will be presided  
over by Mr. Stanley F. Reed and an  
added attraction will be a fine vocal  
program. Miss Lucy Smith will sing  
as well as others. The announcement  
that the Maysville Boys' Band will  
give a concert is expected to bring out  
many and the country people interest-  
ed in good roads will be on hand  
to hear Hon. Rodman Wiley, State  
Commissioner of Roads, speak on the  
good roads question.

Some of the complaints heard dur-  
ing the past several weeks against the  
proposed twenty-cent tax will be an-  
swered, it is reported.

**BRACKEN SMALLPOX IS  
VERY MILD IN FORM**

Although it is said there are about  
thirty cases of smallpox in Augusta,  
they are said to be in the very mildest  
form. Those who have the disease are  
not suffering to any extent, being able  
to sit about home as usual. But for a  
small breaking out on the body and for  
a slight headache they would not  
know they were ill. Dr. Rice, Mason  
County Health Officer, and Miss Annie  
Casey, County Health Nurse, are in  
Augusta today investigating the situa-  
tion at first hand and will recommend  
any necessary action on the part of  
the Mason County Health Board upon  
their return.

**OFFICER EXPECTED TO  
RETURN MAN TO CAMP**

Chief of Police Harry A. Ort is ex-  
pecting an officer today from Camp  
Sherman to return to that camp.  
Charles Wright, Maysville man taken  
up by the police last night on request  
of Camp Sherman officials on a charge  
of being absent from camp without  
leave.

**WARNING AGAINST  
CHESTNUT BLIGHT  
ISSUED BY COHEN**

State Commissioner of Agriculture  
Warns All Kentuckians Against  
Tree Blight.

The Public Ledger has just received  
the following letter from Commis-  
sioner of Agriculture Cohen which is of  
vital importance to the State:

Dear Editor:  
I wish to call your attention to the  
notification that has been repeatedly  
sent to this Department, of the dan-  
gerous and dreaded chestnut disease,  
known as "chestnut blight," that is  
now working havoc in the eastern  
states and is rapidly spreading west-  
ward. I am writing to ask that you  
use your endeavor to keep this dis-  
ease out of Kentucky by giving pub-  
licity to this information in your  
neighborhood and to ask any with  
whom you come in contact, not to im-  
port any chestnut trees into Kentucky  
and only use native growth for re-  
planting.

I desire to especially call the at-  
tention of our nurserymen of the state  
to this menace and would ask that  
they voluntarily use every means at  
their command to protect Kentucky,  
from this disease and hereby solicit  
their cooperation, and would ask that  
they not make any importation of  
chestnut trees likely to bear the dis-  
ease.

I feel sure that with the information  
before us, every true Kentuckian will  
be willing to bear in mind the rea-  
sonableness of this request and to use  
their influence and help in every way  
possible to keep this disease from en-  
tering our state on devastating our na-  
tive chestnut trees, and should any  
tree show evidence of this trouble,  
that the fact be immediately commu-  
nicated to Prof. H. Garman, State En-  
tomologist, Lexington, Ky.

Yours very truly,  
MAT. S. COHEN,  
Commissioner of Agriculture.

**MONEY STOLEN FROM COL-  
ORED MAN IS RETURNED**

Purse Alleged to Have Been Taken  
From Transfers of Colored Man Is  
Recovered by Police and  
Returned.

Robert Harris, colored, who lives on  
Main street in the Sixth ward, report-  
ed to the police this morning that he  
had been robbed of a pocketbook con-  
taining twenty-two dollars in money  
and he also reported that he suspect-  
ed a colored woman who lived nearby  
by the name of Malley Murray.

Harris missed his money when he  
was called upon to pay for something  
he had purchased this morning. He  
went into the house to get his purse  
from his Sunday trousers' pocket  
which hung on the wall and discov-  
ered that the money was gone.

The officers went to the home of  
Malley Murray, which is just across  
the street from Harris' home and she  
turned over to them the purse which  
still held the twenty-two dollars. Har-  
ris did not want to prosecute and the  
case was dropped.

**BRINGS WHALE INTO PORT**

San Francisco—Speed of the pro-  
tected cruiser Marblehead, steaming  
here from San Diego, was mysteriously  
impeded off Pigeon Point. Investiga-  
tion by searchlight showed a sixty-  
foot whale on the cruiser's bow rail.  
It was towed into port, and Comman-  
der Charles P. Huff said it would be  
placed on sale for \$300 which amount  
has been needed by the crew for an  
entertainment to be given.

Master Lewis Blake of Concord, is  
visiting his aunt, Miss Jane Blake, of  
East Second street.

**THIRTY KILLED IN  
BIG MINE BLAST  
IN PENNSYLVANIA**

Electric Wire Falls Into Carload of  
Black Powder Causing One of His-  
tory's Worst Mine Disasters.

Wilkesbarre, Pa., June 5.—More  
than 90 men were believed to have  
been killed today in an explosion in  
the Baltimore tunnel of the Delaware  
and Hudson Coal Co., near Wilkes-  
barre.

Reports from the mine were that  
approximately 90 bodies had been re-  
moved from the tunnel.

Mine officials said they believed 30  
other bodies still were underground.  
Several men already have died at  
hospitals and others are not expected  
to live through the day.

Every morgue in the city has been  
pressed into service and thousands of  
frantic women and children are rush-  
ing from one undertaking shop to an-  
other in an effort to learn whether  
their loved ones are among the killed.  
Today's accident is the worst in the  
history of the anthracite coal region.  
Prior to this Avondale, in which 108  
men lost their lives, was the worst.

The explosion was caused by an  
electric wire which fell into a car-  
load of black powder. Sixteen cars,  
carrying about 200 men, were enter-  
ing the tunnel when the explosion oc-  
curred.

Most of the men died as the result  
of inhaling flames, but many were  
blown to atoms and others were  
drowned in a trench of water that ran  
along the side of the tracks.

Among the identified dead is Chuck  
Conners, war hero, who returned from  
France a week ago. Another is John  
McCloskey, former pitching star of  
the New York State Baseball League.  
The accident occurred at 6:40 a. m.  
while the men were on their way to  
work.

The explosion could be heard for  
miles around. If it had been a car-  
load of giant instead of black pow-  
der it would have blown away the  
greater part of the east end of this  
city.

By 7 a. m. thousands of persons  
gathered at the head of the tunnel. As  
the dead were removed they were  
placed on a side hill. The scene re-  
sembled a battle ground. Mothers,  
wives and children rushed from one  
body to another and many women  
fainted when they recognized their  
relatives.

**COLORED SCHOOL EIGHTH GRADE  
CLOSING AT THE COURT HOUSE**

The colored school Eighth Grade  
closing will be held at the Court  
House Monday night, June 5. Seven  
girls and boys will graduate, receive  
certificates and be admitted to the  
High School. The graduates are Mar-  
garet F. Robinson, Augustus Williams,  
Lula Gordon, Frank Samuels, Anna E.  
Anderson, Jennie P. White and Mat-  
tie L. Johnson.

The Eighth Grade will give a play  
this year, "Mrs. Briggs of the Poultry  
Yard". The pupils are said to be do-  
ing nicely in the rehearsals of the  
play. In addition to the play Miss  
Margaret Robinson will sing a solo;  
Misses Lee and Elizabeth Anderson a  
duet; Miss Irene Wilson an instru-  
mental solo and Misses Wilkes  
Whaley and Leona Humphreys a duet.  
The tickets are selling fast, the  
white people buying tickets on a large  
scale.

Mrs. W. W. Kendall of Dayton, Ohio,  
Mrs. Harry C. Fagaley of Southgate,  
Ky., Mr. and Mrs. W. L. Nicholson,  
Miss Louise Glan and Mr. Eugene  
Held of Newport, Ky., arrived last  
night to attend the funeral of Mrs.  
Susan Nicholson.

**WOMEN HOPE TO  
VOTE BY YEAR 1920**

Passage of Susan B. Anthony Amend-  
ment by Senate Brings Fight  
Down to State Legislatures.

Washington, June 5.—Woman suf-  
fragists, fresh from their victories in  
Congress, today were planning their  
campaign before state Legislatures to  
win the right of nation-wide vote be-  
fore the next presidential election.

Leaders of the women's parties here  
said it could and would be done.

"The women of this country will  
vote in the 1920 elections," Miss Alice  
Paul, chairman of the National Wo-  
man's Party, telegraphed here last  
night. A similar sentiment was voiced  
by scores of other suffrage leaders.

Senator James W. Wadsworth, New  
York, an anti, conceded that ratifica-  
tion of the suffrage amendment, which  
passed the Senate late yesterday after  
a 41 year battle before Congress, prob-  
ably would be completed by a suf-  
ficient number of states to make it a  
law within a short time.

"Pressure brought to bear on state  
Legislatures will not be withstood,"  
Wadsworth said. Other "anti's," how-  
ever, were hopeful that an alignment  
between southern and New England  
states might delay ratification.

**ALLIED ANSWER BY JUNE 12**

Paris, June 5.—The allies' answer  
to German counter proposals will be  
handed to the Germans before June  
12, it was learned from an authorita-  
tive source today.

The Big Four today heard Premier  
Ignace Paderewski regarding upper  
Silesia, which some of the allied dele-  
gates now advocate being retained by  
Germany instead of being awarded to  
Poland.

In the Mason County Court today E.  
T. Kirk was named administrator of  
Andrew Campbell, deceased, and he  
qualified as such with W. W. Hall and  
W. V. Ball, Jr., as sureties on bond.

There is more catarrh in this section  
of the country than all other diseases  
put together, and for years it was sup-  
posed to be incurable. Doctors prescribed  
local remedies, and by constantly failing  
to cure with local treatment, pronounced  
it incurable. Catarrh is a local disease,  
greatly influenced by constitutional con-  
ditions and therefore, requires constitu-  
tional treatment. Hall's Catarrh Medi-  
cine, manufactured by F. J. Cheney &  
Co., Toledo, Ohio, is a constitutional  
remedy, is taken internally and acts  
thru the blood on the mucous surfaces  
of the system. One Hundred Dollars re-  
ward is offered for any case that Hall's  
Catarrh Medicine fails to cure. Send for  
circulars and testimonials.  
F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, etc.  
Hall's Family Pills for constipation.

**SIXTY EXPECTED TO TAKE  
REVENUE EXAMINATIONS**

An examination for the field men  
and the storekeeper-gaugers of the  
Seventh Internal Revenue District will  
be held at the office of the collector  
in Lexington Saturday morning, June  
7. The questions will be made and  
the papers graded in the offices of  
the National Internal Revenue Bu-  
reau at Washington.

About sixty men are expected to go  
to Lexington for the examination,  
which will be held primarily to deter-  
mine the ability of the men to guide  
officials in placing them in the service  
after July 1. The field men will not  
lose their positions at that time, as  
there will be much tax work, but the  
storekeeper-gaugers must seek new  
places. They are all under civil ser-  
vice regulations, and the department  
will make efforts to use them in other  
capacities.

**OUR COLORED CITIZENS**

The Congo River Tabernacle Lodge  
No. 80 will hold its regular business  
meeting tonight. All members are  
urged to be present as we have busi-  
ness of importance to transact.
